DISEASES OF THE CHEST

SUBJECT INDEX

VOLUME 40—JULY-DECEMBER, 1961

Abscess, Lung, Therapy	1
ACTH, Allergic Reactions to	359
Acute Coronary Occlusion, Anticoagulant Treatment	439
Angina Pectoris, Reserpine in	448
Aortic Stenosis	665
Aortitis, Thoracic, Tuberculous	648
Arteriovenous Fistula	322
Asthma, Allergic	121
Bronchial, Removal of Carotid Body	595
Glomectomy	605
Atelectasis, Postoperative	302
Atrial Septal Defect, Surgical Closure	428
Book Reviews:	
Atrial Arrhythmias, Digitalis and Potassium.	
By Bernard Lown and Harold D. Levine.	119
Clinical Applications of Bronchology. By Dezso Kassay.	119
Resuscitation of the Newborn Infant. By Harold Abramson.	118
Surgery of the Esophagus. By R. W. Postlewait and W. C. Sealy.	119
Treatment of Cancer and Allied Diseases (Volume 4, Tumors of the Breast, Chest and Esophagus). By George T. Peck and Irving M. Ariel.	119
Bronchial Classification and Nomenclature	364
Bronchitis, Chronic	530
Bronchus, Muco-Epidermoid Tumor	652
Rupture after Anastomosis	76
Cancer, Bronchial Washings	527
Bronchiectasis, Complication	176
Carcinoma, Bronchogenic	24
Bronchogenic, Routine Diagnosis	154
Giant Cell	69
in Congenital Lung Cyst	552
Cardiac Standstill, Maintenance of Circulation	672
Cardiac Arrest	685
Cardiorespiratory Syndrome, Obesity	419
Cardiovascular Diseases, Diagnosis	572
Chest Diameter	513
Cigarette Smoking, Pulmonary Function Studies	284
Ciliary Mechanism	412
Coronary Thrombosis, Rehabilitation	210
Current Therapy, Summary of	
Significance and Treatment of Premature Systoles	102
Advantages and Disadvantages of Using Heparin as the Sole Anticoagulant	
During the First 30 Days after Acute Myocardial Infarction	214
Therapy of Hypotension in Acute Myocardial Infarction	338
A Bear by the Tail? The Discontinuance of Anticoagulant Therapy	454
Vasopressor Therapy for Cardiac Arrhythmias	590
Cardiac Arrest, Modern Management	685
Drugs, Antituberculosis	50
Editorials:	
A New Concept of Emphysema	107
Influenza Immunization	470
The Fountain of Trevi of Science	229
Electrocardiogram of the Month:	
July, Wenckebach Block of Sino-Atrial Paralysis	106
August, The Electrocardiogram in Periodic Paralysis	217
September, Intermittent Bundle Branch Block	342
October, Electrocardiographic Changes Simulating Ischemic Heart Disease	457
November, Delayed Conduction in Dystrophica Myotonia	594
December, Fluctuating Nodal Rhythm	691

Emphysema, Surgery	55
Hemopneumothorax, Spontaneous	539
Herpes Zoster Pneumonitis	74
Hydatidosis, Pulmonary	61
Hygroma, Cystic	265
Hypertension, Treatment of	203
Hypothermia in Cardiopulmonary By-Pass and Elective Cardiac Arrest	87
Inhalation Therapy	522
Lung Abscess, in Municipal Hospital	625
Lung Function, Impaired	344
Lymphoma, Primary Malignant	29
Melioidosis	693
Micro-Niacin Test	374
Mitral Stenosis, Left Bronchial and Pulmonary Changes	557
M. Tuberculosis, Atypical Forms	611
Cultivation of	160
Neomycin, Intrabronchial	168
Papworth Village	381
Pathology and Microbiology, Committee Report	465
Pectus Excavatum, Surgical Treatment	479
Pericardial Effusion	82
Pleural Biopsy and Thoracentesis	182
Pneumonitis, Azygos Lobe	661
Chemical, from Zinc Chloride	619
Cholesterol Type	547
Pneumothorax, Spontaneous	391
Post-Myocardial Infarction	330
Post-Surgical, Intermittent Positive Pressure Breathing	128
Pulmonary Artery, Abnormalities Resembling Intrathoracic Neoplasms	698
Pulmonary Cavitory Bleeding	18
Pulmonary Diseases, Trypsin Therapy	148
Pulmonary Embolism Simulating Acute Myocardial Infarction	219
Pulmonary Function, Open Heart Surgery	196
Tests	187
Pulmonary Insufficiency, Oxygen in Treatment	45
Pulmonary Nodule, Ascaris Lumbricoides	308
Pulmonary Ossification	543
Pulmonary Resections, Changes in Ventilation	491
Pulmonary Venous Drainage, Anomalous	94
Rehabilitation, Chronic Drug Resistant Cases	276
Rheumatic Pancarditis, Therapy	459
Roentgenogram of the Month:	
July	80
August	194
September	311
October	426
November	556
December	663
Roentgenographic Resurveys	407
Serum Protein Abnormalities	245
Smokers and Nonsmokers, Ventilation Studies	386
Tachycardia	223
Teratomata	657
Thrombi, Left Atrium	313
Tuberculosis, Ambulatory, Treatment	134
Cardiopulmonary Failure	564
in an Industrial Plant	499
in Nursing and Medical Students	291
Miliary, Steroid Therapy	171
Old Age	504
Possible Miliary at Term	651
Production of Sputum for Diagnosis	639
Pulmonary, Chemotherapy Regimen	259
Direct Irradiation on	397
in Contacts	516
Resection	5
Rehabilitation	631
Tumors, Aortic Body	643
